MICROSOFT OFFICE 365 ONENOTE ESSENTIALS TRAINING COURSE OUTLINE

FOREWORD

In this OneNote 365 Essentials course, participants will discover the benefits of taking, storing, and sharing notes electronically without losing the benefits of handwritten notes. This course will teach features to improve your note-taking, whether it be for meeting notes, remembering important information, or for research purposes. Powerful features to assist in keeping related information in one place, including adding audio, video, files, links and handwritten notes, will be taught in this one-day workshop.

OneNote 365 allows you to track appointments, take meeting notes, record research, and keep to-do items all in one place. With Office 365 you are provided a new landing screen which makes launching and creating documents easier than previous versions of OneNote. OneNote 365 also has an improved user interface with an array of powerful tools to help you manage your data through Skydrive – and better information leads to better decision making!

OUTCOMES

In this course, participants will:

- Discover exciting and powerful features to increase the quality of their notes and enhance the process of recording and sharing information
- Learn the basics of creating and working with Notebooks required to get up and running taking Notes
- Become an expert at adding, re-arranging, and deleting pages and sections
- Learn different ways to add and format text, including typing and handwriting options
- Understand options to store all related information in one place by adding audio, video, links, and attached files
- Gain knowledge of how to add sketches to notes with drawing capabilities and related formatting options
- Increase productivity by quickly finding information with tagged notes
- Discover advanced techniques, such as time-stamping, password-protecting and backing up your notes
