Onboarding is the process of helping new employees adjust to social and performance aspects of their new jobs quickly and smoothly. It helps new employees adjust to their jobs by establishing better relationships to increase satisfaction; clarifying expectations and objectives to improve performance, as well as providing support to help reduce unwanted turnover.
Used in conjunction with Human Resource Management best practices, effective onbarding will result in a faster job readiness, improved communication and a more productive and engaged workforce.
This dynamic training course is available now throughout Hong Kong, including Central.
This Employee Onboarding training course can be delivered at your premises by one of our expert local or international trainers or live online using our HIVE technology.

What You'll Gain:

Research and conventional wisdom both suggest that employees get about 90 days to prove themselves in a new job. Every organisation has its own version of the complex process new employees go through to learn skills, knowledge, attitudes and behaviours required to function effectively. The bottom line is, the faster the new employees feel welcome and prepared for their jobs, the faster they will be able to successfully contribute to the firm's strategic and operational plans.
